

ARPA Notice Fee

As isolved Benefit Services has started to generate the ARPA Special Election notices for your designated assistance eligible individuals we wanted to communicate the pricing and when we expect to invoice.

Pricing will be \$5.00 per notice mailed and these notices will satisfy the requirements mandated with the American Rescue Plan Act of 2021 (ARPA). This additional fee only applies to the ARPA Special Election notices. Qualifying Events that have been processed since April 26, have the required information included in that notice and is not part of the additional billing.

isolved Benefit Services has gone through a robust and diligent review of the cost for these special notices. This fee is not a profit center for isolved Benefit Services but rather to cover the cost that comes with the ARPA Special Election Notices. These notices required us to invest in legal services, additional staffing, reprogram of our system, postage and overhead to have these mailed out in a timely manner as mandated by law.

A report will be available at the end of the month showing the total notices mailed and the breakdown of those mailings for your review. These charges will be processed on the June or July invoices that you receive for COBRA services.

AEI Designation

We are requesting that you complete your AEI designation submissions to isolved Benefit Services by Friday, May 14. That will provide us time to complete the mailing process for these ARPA Special Election Notices. To complete the process, select the Assistance Eligible Individuals on the left menu, then selection AEI-Yes or AIE-No. Once you have all the designations selected, click on Preview to review your selections and then Submit.

Report

You have selected the following individuals as Assistance Eligible Individuals (AEIs). Please review the information carefully before you submit to us. Once we have marked a participant as an AEI, we will allow an additional election period for those who do not have an election as of April 1, 2021 and 100% subsidy premium paid from the period beginning with April 1, 2021 through September 30, 2021.
