Your employer will establish a Medical Flexible Spending Account on your behalf. The amount that you elect to contribute for the plan year will be available immediately in your account, but your election will be divided out and deducted, pre-tax, from each paycheck throughout the entire plan year. As you incur eligible expenses you will submit a claim to draw funds from your account. Paying for benefits on a pre-tax basis means your taxable income is lower and, consequently, your taxes are lower.
